BASE BALL—CRESCENT VS. UNIVERSITY.

The second game in the series, between the University, of Chapel Hill, and the Crescent, of Raleigh, for the championship of North Carolina, was played upon the grounds of the latter, on Saturday last.

A large number of spectators were upon the ground, including many of the beauties of Raleigh, and the whole game was watched with the deepest interest. Time was called about ten minutes after 3—the University, with their usual ill luck, at the bat.

FIRST INNING.

Hargrave was called to the first base on three balls badly pitched, stole from thence to his third, and made his run on a short ball knocked by Rives, who just reached his first. Graham sent a strong ball to Phillips, which he forwarded to Snow, putting him out on first base. Barbee went out on a tipped ball. Horner knocked a sky-scraper, which Blake muffed, Jefferson and Smith succeeded in reaching first base, and the former stole to his third, but Webb being caught out by Ryan, very skilfully, neither Jefferson or Smith reached home.

Smedes opened with a foul caught on the bound by Webb. Haywood had three balls called and took his base. Brown knocked a high foul which fit in Webb's hands as usual. Phillips made his first on strong ball to right field, sending Haywood home. Snow and Ryan made runs by muffing and bad throwing on the part of Barbee and Jefferson. White went out on high foul caught by Webb. Score 2 to 3.

SECOND INNING.

A. W. Graham reached his first on low ball to left field; followed by Hargrave, who sent hot ball to Ryan, promptly fielded to Snow, putting him out on first. Rives took his first, and A. W. Graham his home base, on three called balls. Graham made his first on daisy-cutter to centre field.—Barbee sent low ball to Brown, and failed to reach his first. Horner knocked a strong ball to centre field, bringing Rives and Graham home. Jefferson gave Branch an opportunity at his sky-scraper which he did not improve, and Horner came home.—Jefferson stole home on ball overthrown to second base. Smith making his first, was again left on base, by Webb's being put out on first by Phillips and Snow.

Branch sent a low ground-kisser to Barbee and did not reach his first. Blake secured his base and by stealing got to the third, and from thence home on a balk. Smedes out on first in exactly the same way as Branch. Haywood struck out. Score 8 to 4.

THIRD INNING.

Phillips having three balls called on him, A. W. Graham took his base. Hargrave sent a low one to centre field, making his base. Rives knocked a high ball towards first base, caught by Snow. Graham tried a high one to centre, but Branch froze to it manfully. Barbee then tried right field and brought A. W. Graham and Hargrave home. Horner knocked a high foul, which, although a very difficult ball, White secured.

Brown sent a low one to third base, which Horner lifted to Barbee just ahead of him. Phillips went out on a foul, caught on the fly by Webb. Snow sent a daisy cutter among the crowd far up in right field and made his third. Ryan knocked a short ball, but reached his first on ball overthrown to Barbee, Snow at the same time making a run. White succeeded in reaching his first, but Branch, who followed with a ball to Hargrave, did not. Score 10 to 6.

FOURTH INNING.

Jefferson led off with a ball towards second base, which Ryan took in on the fly.—Smith reached his first. Webb knocked a low ball to Blake, which got to first base ahead of him. A. W. Graham tried a low ball to Ryan, who sent it to Snow just in time to put him out. Goose-egg for University.

Blake was caught out on the fly by Hargrave. Smedes made his first on low ball to right field, and from thence home on ball overthrown. Haywood and Brown made respectively their bases. Phillips sent a red-hot ball to A. W. Graham, which was beautifully caught, and by prompt throwing, Haywood, in attempting to steal home, was put out at home base by Webb. Score 10 to 7.

FIFTH INNING.

Smith, having been taken sick, Taylor, of the University second nine, was substituted. Hargrave sent a hot ball to right field, and reached his first. Rives was caught out on foul fly by White. Graham and Barbee made their bases and were sent home by Horner. Jefferson reached his first. Taylor sent Jefferson to 3rd. Horner reached home by strong ball to centre field. Webb was caught out on the fly by Snow, and Taylor put out in returning to his base.

Brown went out on a foul, caught on the fly by Webb. Phillips sent a hot ball to right field, which Taylor did not catch. Snow and Ryan made their bases, and together with Phillips came home on very strong ball of White's, which being overthrown to Hargrave, White made a home run. Branch went out on a tipped ball. Bake called to first on three bad balls.—Smedes sent Blake home and reached his first, thence by stealing his third. Haywood took his base and Smedes a round on three called balls. Brown reached his first. Phillips tried A. W. Graham with another sky-scraper, and was again caught out on the fly, Haywood and Brown being left on bases. Score 14 to 13.

SIXTH INNING.

Webb made his base on low ball to centre field. A. W. Graham sent high ball to third base, which Brown did not catch. Hargrave went out on foul, caught on the bound by White. Rives woke up centre field with one of his own, bringing Webb and A. W. Graham home. Graham knocked a high foul, which White caught on the bound very dextrously. Barbee and Horner each secured runs. Jefferson reached his first on long ball to left field, but Webb being caught out by Phillips, he was left on second base.

Snow reached first base, stole his second, and was brought home by strong ball of Ryan's. White sent Ryan home and reached his first, and from thence home on the two succeeding batsmen. Branch and Blake went out by fine playing of Jefferson and Barbee. Smedes sent a high one near first base, which Barbee secured in one hand.—Score 19 to 16.

SEVENTH INNING.

A. W. Graham made his first on ball knocked towards third base. Hargrave reached his first. Rives sent the ball to Ryan, who by a fine double play put out Hargrave on second and Rives on first, A. W. Graham and Hargrave coming home. Horner went out on a tipped ball.

Haywood was caught out by Hargrave. Brown reached the first on a short ball, stole to the second, and came home on low ball by Phillips to left field. Snow went out on a foul, and Phillips was put out in returning to his base. Score 21 to 17.

EIGHTH INNING.

Jefferson offered a high ball to Blake, who took it in on the fly. Taylor, Webb and Graham made bases, the former coming home on A. W. Graham's ball. Hargrave knocked a sky-scraper to left field, bringing Webb and A. W. Graham home and making clean home run.

Rives, Graham and Barbee each added one to the score. Horner went out on first base. Jefferson reached his second on ball to right field. Taylor made a home run, bringing Jefferson home likewise, on a sky-scraper to left field. Webb added another run to the score. A. W. Graham reached the second, but no farther, as Hargrave's foul was caught by White on the fly.

Snow made his first base, and with his usual rapidity soon after reached home.—Ryan imprudently knocked a ball to Jefferson, and was of course put out on first base. White was caught out by Graham. Branch and Blake made each a round. Smedes got to his first on ball overthrown. Haywood went out on a tipped ball. Score 31 to 20.

NINTH INNING.

Rives tipped the ball and went out. Graham was called to the first base. Barbee went out on a foul ball, caught by White. Horner knocked a short ball to the right field, bringing Graham home. Jefferson made his first, and Horner home on ball overthrown to first base. Taylor knocked a high ball too near Snow and was caught out.

Brown made his second, and thence home, on Phillips' low ball to left field. Snow went out on first. Ryan had three balls called and took a base, Phillips running home. Branch reached his first—stole his second and third, and came home when Blake was called to the first. Blake came home on Smedes' ball. Haywood went out on a foul fly by Webb.

INSURANCE COMPANY.

New Features and Advantages Which are Known as Belonging to no Other Company in the United States.

THE MANAGEMENT OF THIS COMPANY IS upon the Mutual Benefit System—the accumulated profits going to the assured.

This company makes a special deposit with the Insurance Department of the State, for which Registered policies are issued if desired, countersigned by the Superintendent of the Insurance Department of the State of New York, certifying that such policies are secured by pledge of public stocks.

No other Company gives the assured a guarantee of this character or anything equivalent.

Thirty days' of grace are allowed on all renewed premiums, and the policy remains valid and in full force during that time.

No restrictions as to travel or residence abroad at any season of the year, outside the tropics, which gives a nearly world-wide and unconditional policy.

No higher rate of premium charged for stationary Engineers, Conductors, Baggage Masters, Mail Agents, nor in consequence of change of employment after the policy is issued.

Notes are not required by this Company, but a loan may be obtained on the policy for one third of the annual premiums, which is cancelled by the profits applied as dividends.

Joint policies, including man and wife, are issued by this Company, and the amount insured is payable to the survivor on the death of either.

Our dividend, January 1st. 1866, was 45 per cent.

Dividends are declared annually, and paid on settlement of 4th. Annual Premium, on all our plans upon the full amount of premiums received.

Premiums may be paid annually, semi-annually or quarterly.

All policies issued by this Company are non-forfeiting, after two, in some instances, and three annual payments in others.

The per centage of premium receipts in 1865, over 1864, was 251 per cent; which is nearly double that of any other New York company.

Policies incontestable from any cause except on account of fraud.

WEDNESDAY, SEPTEMBER 18, 1867.

THE RECONSTRUCTION.

We have been, since the war closed, earnest advocates of reconstruction. Whatever our enemies may say to the contrary, we have never wavered in our support of any feasible plan of reconstruction. We have preferred and advocated only such a reconstruction as fully recognized in its principles, throughout, the Constitution of the United States,—as inflicted only such sacrifices and disabilities upon the Southern people as they could yield without dishonor, and still leave them in a condition to administer the State governments wisely and harmoniously, for the good of all classes and colors, and which, at the same time, would afford them some scope for recuperation and making the Southern States really able to support the Federal government, in paying its debts and promoting the general welfare.

President Johnson's policy lacked two essential features, to challenge our approval, in that it was in some respects extra constitutional or unconstitutional in its inception, and especially embarrassing to the people in their future attempts at recuperation and prosperity, and in that it demanded repudiation, which raised the flood gates of demoralization among the people, both as to private and public contracts. Yet, bad as it was, confiding in his generosity and sense of returning justice to the South, we gave it our best support.

Still more objectionable, in all these respects, was the Howard amendment, which, when submitted to us as a matter of free choice, we could not, without dishonor, approve or endorse. The South, with one voice, rejected it, and it did right and simply its duty. We have never regretted its rejection, nor do we expect ever to do so. Those simple or dastard spirits, who now, ever and anon, claim with *gusto* their endorsement of the Howard amendment and their regret at its rejection, only stereotype their want of sense and their utter degradation as American citizens.

The Reconstruction Acts of Congress do not attempt to fix upon the South anything worse than the Howard amendment, except that they force its real intent and meaning upon us, not by our own choice, but at the point of the bayonet and military rule. Every thing whether in the past, the present, or future, that is evil, afflictive and prostrative to the South, in the laboratory of Radical principles or purposes, will be easily evolved from that Pandora's box, the Howard amendment, whenever the occasion demands it. Facts have since confirmed and demonstrated our assumptions upon this subject. Hence the South is in better position for the future, than she could have been if her Legislatures had readily, of their own accord, without restraint or force, accepted the Howard amendment.

The Reconstruction Acts, however, have this apology in their favor, over the Howard amendment: *They are the law of the land*, and, although forced upon us against our will, must be obeyed. It is for this reason, that we have counselled acquiescence and obedience to the Reconstruction Acts. For this cause, we have advised every man to *register* and *vote* for a Convention, but to be sure to vote for conservative men for the Convention, or for moderate republicans, who pledge themselves not to go beyond the Reconstruction Acts a jot, in the formation of a new Constitution for the State. As to yielding to the demand of Congress to send only men to Congress who can take the test-oath, we shall not higgle about that. If honest, true *white* men cannot be found to go to Congress, we shall not object to honest, true *colored* men being sent. Indeed, if our colored friends are disposed to act fairly, we would not interpose an objection, to gratify the seemingly anxious desire of Congress, to have the South represented by colored men, if our colored people will agree to take all the Federal offices, and give all the State offices to the whites! This, we presume, would suit Congress and suit the blacks.

We say we advocate the earliest reconstruction upon the principles of the Constitution; if we cannot get that, then we take such reconstruction as Congress is determined to force upon us, in order to the earliest recovery of the South from the crushing uncertainties, which our present condition forces upon us. In these views we are glad to be sustained by the general voice of our people.

A former venerable leader among Conservative men in the State, who has now retired from politics to the more quiet pursuits of agriculture, but whose opinions still have weight with Conservative men, writes us:

"I endorse your editorial career as fully as I did in the days of Zebulon B. Vance,—which I understand to be, the election of delegates who, in good faith, will carry out the reconstruction laws; and for such delegates, Conservatives are preferred, and, where they cannot be had, then the best Republicans. Should a Constitution be adopted in strict accordance with the reconstruction laws by a Convention, having a majority of Conservatives in it, and then should Congress reject it on that account, the Radical party would be soon annihilated."

Here are some figures that ought to cause a thorough shaking of the Radical dry bones: Democratic gain in New Hampshire, 2,000; in Connecticut, 12,000; (Lincoln's majority in 1864 was 11,000; Democratic majority now, 892;) Kentucky, 20,000; Maryland, 23,000; Vermont, 5,000; California, 27,000; Maine, 14,000.

In the course of the past week, we have conversed with several intelligent and discerning citizens of the State, who have recently travelled somewhat extensively at the North. From them we have the gratifying information, that even the most casual observation is sufficient to impress any one with the very decided and general change which has taken place, and is being wrought, in public sentiment. The elections in California and Maine are practical evidences of this fact. Whether this incipient revolution in popular feeling will acquire sufficient momentum to work any practical and substantial good, the results of the next two months will determine. The elections in the large States, which take place in October and November, will decide how far the "sober second thought" has taken the place of unreason and passion.

In no one thing has President Johnson shown so much pertinacity and confidence as in his often-expressed reliance upon the virtue, magnanimity and patriotism of the *people*. We contess that often, in the darkest hours of his administration and in the apparently gloomiest crisis of our troubles, we have derived hope and courage from his sanguine vaticinations. We would indulge in no undue expectations, nor encourage extravagant hopes in others, that might only lead to keener disappointment, but we do feel, nevertheless, that there is more appearance of probability at present, than at any previous time within the past two years, that the confidence of the President has not been misplaced.

Four causes are conspiring to produce this counter-revolution, which, should it receive volume enough to start fully on its course, will gather force as it rolls and sweep out of political existence the demagogues and agitators who have so well nigh ruined the country. They may be grouped as follows:

1. The dangerous aggressions of the Radical power upon the Constitution and true Republican government—the tendencies of its legislation to consolidation,—and its dangerous attacks upon the rights of the States and the people of the States.

2. The injustice and iniquity of elevating to political equality, in all respects, with the white race, an ignorant and inferior race, who, as yet, have none of the higher qualifications of citizenship.

3. The policy, which prostrates industry in the South, and thereby cripples trade in the North and increases its share of the burdens of government.

4. The continuance of the war, after one side has laid down its arms,—the expense of maintaining standing armies and expensive military governments, thereby increasing taxation at a terrible rate, at a time when the national resources for meeting it are paralyzed.

Surely it would seem that these things *ought* to produce a re-action.

To quote the Raleigh *Register* as the "*leading* Republican paper of the State" is unworthy the *Journal*, the editor of which knows that Mr. Goodloe no more represents the Republican party in this State than the *Journal* does the loyal element in this community. Mr. Goodloe represents Johnsonism, if he represents anything except his own views, and his presence in the Convention surprised many Republicans.—*Wilmington Post*.

This piece of impertinence proceeds from a new paper started at Wilmington by one Mr. Paul, a Northern adventurer, of whom very little is known in these parts. He was, we believe, during the war, an army correspondent of the New York *Times*, and more recently, for a short time, he occupied the post of local editor of the Washington *Chronicle*. We have heard from him, moreover, that he for some years prior to the war resided at Norfolk, and we believe he there conducted a newspaper. From the high tone of authority he assumes in reading us out of the Republican party we presume that his Norfolk paper must have been a very firebrand in the Old Dominion, in the days of slavery. If he were domiciled in North Carolina long enough to be a voter he would know that the editor of the *Register*, though an office-holder and liable to be removed, was the only citizen of the State who publicly opposed the President's policy, from the beginning: that he signed the call for the Philadelphia September Convention, last year, and that he attended it as a delegate. The editor may also find out, when he has been a little longer in the State, that Wilmington Radicalism had no representative in that Convention.—*Register*.

It is stated that the *Standard*, of yesterday, formally reads Mr. Goodloe out of the "Republican" party. Mr. G. shows very conclusively, by the foregoing extract, that he is able and ready to defend himself against all assailants, and that he is not to be deterred from pursuing the manly and honorable course which he has marked out. He has with him, so far as our information extends, all the genuine and consistent Union men *of* the State; against him, the neophytes and latter-day-saints. The negroes are "mixed."

THE STATE ELECTIONS.—It seems now to be definitely settled that the President, with the concurrence of the entire Cabinet, will suggest to the several Military Commanders, the extension of the time, until the 1st. of October, for the correction of the lists and admission to registry of those who may produce proofs of legal qualifications, and the fixing as the time for the elections the first Monday of November, in order to secure uniformity in all the Southern States. No order will be issued on the subject, as the reconstruction acts give the District commanders discretionary powers, but they will promptly be informed of the recommendation or suggestion in official form.

GOV. BROWNLOW'S ARMED REBELS SHOOTING CITIZENS—FEDERAL TROOPS ON THE MARCH.

NASHVILLE, Tenn., September 13.—At Jackson, Madison County, yesterday morning, a prominent citizen, named Hart, was shot dead by militia after the former had given up his arms. The militia went round compelling citizens to give up their arms. The murder is said to have been a most cold blooded atrocious one. The citizens collected together and commenced to arm for the purpose of driving the militia from the place. United States troops were being pushed forward to the scene of disturbance, and a general riot is expected. The militia had been committing depradations on citizens in various localities.

THE WAR OF THE ROSES.

There are two ancient and trite maxims, the one sacred and the other profane, which abound in comfort to the masses of the honest but heretofore deluded masses at the North, and the oppressed and suffering people of the South, in view of the squabbles and quarrels in the Radical ranks, viz: "A house divided against itself cannot stand;" and "When rogues fall out, honest men get their dues." Speaking of the turmoil and confusion which prevails among them, and which have exhibited their effects in the California and Maine elections, the New York *Herald* says:

"The republican Congress is fighting the republican President; the republican Boutwell is denouncing the republican Wilson; the republican Butler assails the republican Blair; the republican Wendell Phillips attacks the republican Fessenden; the republican Gov. Wells abuses the republican Gen. Sheridan as soon as he can do so with safety; the republican Hunnicutt fights the republican Boys in Virginia. In our State the republican Weed is in perpetual hot water with the Republican Greeley and everybody else, and the republican Fenton intrigues against the republican Morgan.—One set of republican revenue officers denounces another set of revenue officers as thieves, and *vice versa*. The republican Old Thad Stevens denounces republican Senators and Representatives generally, and the whole army of republican expectants of country Post Offices are at their wits' ends to prevent the republican Ben Wade from getting into the Presidential chair.

It is against this disgraceful exhibition that the people protest."

THAT CONVENTION—ITS ORATORS.

After the committee on organization had reported the names of the permanent officers of the Convention, to-wit; Gen. Joseph C. Abbot, of Bladen, President, and Gen. Dockery and sundries, Vice-Presidents, and also Dr. H. J. Menninger, and sundry others, Secretaries, Gen. Ladin, of Pitt county, endeavored to "harmonize the action of the Convention" by nominating Col. Jno. B. Odom, as its presiding officer. Gen. Ladin thought "every man in the State of North Carolina should look things squarely in the face," and meekly inquired whether "it would not be better to nominate a Southern man of known Union proclivities as permanent chairman of this Convention, rather than a man of Northern birth." The speaker believed that "it was only through the Republican party that the State of North Carolina can occupy the position she occupied when *she* first organized as a government." (Shades of Caswell, and Hooper, and Iredell, and Davie, and Ashe!)

Gen. Ladin's mouth watered over our natural advantages, our abounding corn, and wheat, and cotton, and rice, and woods, and streams; and, tip toe-ing in patriotic pride, he exultingly assured the mottled patriots around him, that "nature itself, ever willing to shower on *us* a lap full of blessings, has filled *our* earth with the richest minerals." And, therefore, with earnestness and ergoism, as a logical sequence, the gallant General of the Federal army "moved that Col. John B. Odom be elected permanent President of that meeting." The General seems to be a genial soul. He is willing to "take into consideration the prejudices of the South; and I don't blame the people of the South for their prejudices," said the mollified conqueror. "I honor the Southerners; I respect them; and I wish they would only show the same energy and devotion to the restoration of the Union, that they showed in trying to dismember it." We rather lean to Gen. Ladin, for his good nature—we can't help it. But how some of our native born hyenas, that heard him, could swallow such gentle words without choking, is a marvel. We are almost sorry that Col. Odom could not swim on that sea—for the General's sake—but he could'nt. He had not the right bladders under his arms.

Mr. Miller, of New Hanover, came back at him with *a sim*. He did not care a continental—(blank)—whether a man comes from Maine or Mexico. Only let him be a "Republican square out," and that was enough. He said something awful about copperheads, and thought there were some of that stripe in the Convention, "ready to tear that old flag from the masthead," "called Union men, who were too cowardly to go off to the field of battle. There are men in North Carolina that have pretended to be Union men—look at their deeds—what have they done? They were too cowardly to go off as rebels, (true as gospel;) they were too cowardly to go off as Union men; they shirked the thing, and staid at home." Yes, Mr. Miller; and that is not all. Very many of these cowardly sneaks are trying to hide their disgrace by very loud professions of loyalty. And a word in your ear, sir. There were several such close around you, who did not feel at all comfortable at what you were saying. Those were most cruel cutting words, and hard to digest by some of the radical stomachs near you.—But "Mr. Abbot was a man of a different character. He was a man who, in the day of battle, took his sword and went off, and did mighty work." The concatenation accordin' " of all this is, though he did not say so, that Col. Jno. B. Odom—*did'nt*.

Gen. Ladin, in reply, considered copperhead a very opprobrious epithet. It had never been cast at him before. He gallantly entered the army as high private at the first flash of the first gun at Fort Sumpter—and he rose and he rose, and kept a rosing—"up and up, until, sir," said the gallant General, swelling with pride, "I bore the proud star upon my shoulder." Think of that, Master Brooke—I mean Col. John B. Odom! Where are ye now, Sawney?—"For God Almighty's sake don't call me a copperhead." Well, we won't, General, as you seem to be so kind hearted to us poor sinners.

Gen. Peck averred that the nomination of Gen. Abbot was the result of a compromise between conflicting opinions. He lauded the nominee as one who had fought his way up from the ranks, and now actually resides in the State. He had fought to free negroes, "and the poor white men as well." This was specially complimentary to the "poor white men." But thank you kindly, Gen. Peck! These "poor white men" who have so touched your sympathies were never enthralled as the negroes once were, and needed no "disenthralment, and they will scorn your *confiscation bid*. It may do to fool poor negroes with, but we poor white folks know better. You had better try something else *with us*. We were quite as free as yourself, before you came to bless this benighted land with your patriotic counsels. S.

The citizens of this town are invited to meet at the court house next Wednesday night for the purpose of taking steps to organize a Conservative party, &c. Let all attend.—*Goldsboro' News, 14th.*

STATE ITEMS.

The Salisbury *Watchman* notices the following improvements going on in Salisbury:

"Mr. A. P. Gowan has nearly completed a very handsome two story brick residence on the ground formerly occupied by the blacksmith shop of the late James Doughertys. Mr. M. L. Holmes has also nearly finished two pretty cottages on Church street, the western side of the same square.

Mr. David Atwell is building a nice residence on the western extremity of Kerr street. And Dr. J. W. Hall, the Napoleon of builders, has just put up the wall of an eight room residence on the corner of Fisher and Fulton. He proposes to put up one or more on the same lot as soon as it can be done.

Mr. John I. Shaver has just finished a two story brick dwelling on the corner of Church and Council, and Mr. R. J. West has nearly completed four new residences on the west end of Innis street, and there are others soon to be erected in the same neighborhood."

LOOK OUT DISTILLERS.—M. L. Holmes, Esq., U. S. Commissioner, opened a court here about a week ago, to investigate alleged violations of the laws regulating the distilling business. We learn that he has had much business before him already, with the prospect of a great deal more.—*Salisbury Banner.*

RATIFICATION MEETING.—The Radicals of this city held a meeting last Friday night and passed resolutions endorsing the platform adopted by the late Convention at Raleigh. Messrs Myers, Smith and Schenck, delegates to the late Convention, and Gen. Rufus Barringer, made speeches. Mr. Myers was quite moderate in his speech, but adhered firmly to the principles enunciated in the Raleigh platform.

Mr. Smith, (colored,) stated that he was opposed to confiscation, but did not favor the anti-proscriptive and anti-confiscative resolutions which were introduced into the late Convention, as he deemed them entirely unnecessary. Mr. Schenck, (colored) called up the spirit of the dead resolution against proscriptionand confiscation, and in a frank, manly and liberal way, expressed his approval of them, while at the same time he cordially endorsed every principle enunciated in the Raleigh platform. He favored negro candidates for office as nothing but just and fair. But the speech which drew forth the most rapturous applause from the negroes and white Radicals present was delivered by Gen. Rufus Barringer. We regret that we can not give his speech in full, as we feel assured that the misrepresentation and vindictive animus which characterized it, would meet with the indignation and scorn which it merits from every true man, North and South.

He uttered the bitterest denunciations upon the "Copperhead Press" of the State for treating the late Convention with so much disrespect. They had called it a "lousy and mongrel Convention."

He pandered to the foul spirit which is attempting to bring on a conflict between the races, by telling his colored friends that he believed there were Southern men who wanted to re-enslave them.

He proclaimed every man disloyal and hostile to the United States Government, who would not become a radical.

Now, indeed, have our sorrow stricken people attained the depths of humiliation when this unfaithful son of the old State, whose hand, so lately red with the blood of her enemies, is now raised to crush her; whose voice, instead of soothing and harmonizing the anxious fears and troubles of her wronged people, is heard on the side of that party and that Congress, whose action the people of the North themselves are condemning at the ballot box.—*Charlotte News.*

PHARAOH STILL ON THE RAMPAGE.—The Northern fanatics who have used Pharaoh most extensively are not willing to give him up yet. Mr. Johnson is now their Pharaoh. He "keeps steadily on in his insane effort to resist the will of the nation," says a leading New York religious paper, which "prays God to harden Pharaoh's heart yet more;" by which hardening the pious editor says "the whole work will be done." And becoming jubilant upon this theme he cries out, "Thank God for the madness of Johnson!"

COTTON GIN HORSE POWERS.

WE BEG LEAVE TO INVITE THE ATTENTION OF COTTON PLANTERS TO OUR

IMPROVED EIGHT-FEET STATIONARY POWER.

FOR

DRIVING COTTON GINS.

It is SIMPLE, STRONG and COMPACT, and can be easily put together. We sold a large number last season and the demand is constantly increasing.

The following letter from Col. Hood, of Surry County, speaks for itself:

* * * * * It is with much pleasure that I state, your Gin Horse Power brought last season proved an entire success.

I applied a 13 feet lever and 6 feet band wheel to a 45 saw Gin, and *one pair of ordinary mules which improved on constant work*, and with slow gait of team gave sufficiency of speed; a capacity to gin about 4,000 per day.

The wear and tear in ginning 60 bales of cotton is not perceivable—do not think it could be estimated at 2 per cent. It was put up and geared by one of the best machinists in the State, who pronounced it superior to any patent he had seen; also, several gentlemen familiar by long use of gins, have examined it and decided to lay aside their old powers and order this pattern of you.

Yours, most respectfully, WM. H. HOOD.

PRICE, ONLY $65.

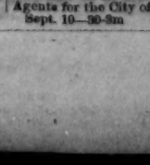
THE FIRE EXTINGUISHER.

This Portable, Self-Acting Fire Engine



IS OFFERED TO THE Public as a ready, certain and speedy means of preventing LARGE CONFLAGRATIONS.

Until the invention of the

Portable, Self-Acting Fire Engine,

Fires have been met by means too slow, too late and too cumbrous. But few persons in this country have the advantage of large hand or Steam Fire Engines, and those few often suffer a total loss of their property by reason of the great length of time consumed in sending for and getting them into working order.

BUT NOT SO WITH THE FIRE EXTINGUISHER,

which, being kept charged and standing in your House, Store or Factory, is always

Ready for Instant Service.

The fire can be extinguished and your property saved without loss or damage, or even an alarm of Fire.

The first few minutes of conflagration decide the fate of the property; "a little fire is quickly put out, which, being suffered, rivers cannot quench."

THE EXTINGUISHER, being very simple in its operation, and entirely self-propelling, requires no previous skill or practice to operate it, and being so light, portable and self-acting, is capable of being used in any place, by any person, male or female.

It puts out all fires, arising from whatever cause. You are saved from the immense water damage caused by large Engines.

You can effect insurance on your property

At Lower Rates,

if protected by the Extinguisher.

The Extinguisher is no humbug, as thousands of good men in Europe and America will testify. I have already put these little Engines into some of our best Factories and largest Schools in N. C.

No House, Store, Factory, or Corporation is safe without them.

The price is as nothing, compared with the protection they afford.

Send for a Circular,

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, SEPTEMBER 18, 1867.

NEW ADVERTISEMENTS.—Jesse H. Lindsay, Esq., of Greensboro', having been appointed Receiver of the Bank of Lexington, makes an announcement for the benefit of all concerned.

Agricultural Implements and Builders' Materials: Mitchell, Allen & Co., Newbern.

Pocket Book Found, containing a sum of money: B J. Perkinson. The owner can have it by proving property and paying charges.

James M. Towles, Agent: Godwin's new Cotton Press, Durham Smoking Tobacco, &c.

MAYOR'S COURT.—Allen Trotter, *alias* Allen Hamilton, colored, was up, charged with stealing cloth from the store of Alex. Creech, in this City. A part of the cloth was found in possession of the defendant, and, upon an investigation, he was sent on to the next Term of the Superior Court for trial.

Ralph Alston, colored, charged with stealing cloth from the store of A. Creech, in this City, was sent on to the Superior Court for trial.

OUR CITY COMMISSIONERS.—We cannot withhold the expression of the public acknowledgment, as well as our own, to the present Board of Commissioners, for the substantial and excellent manner in which they are filling up our streets. We have not known the streets in such good condition, as they are now being put by the Commissioners. We vote them many thanks.

PROFESSOR ST MAUR, Ventriloquist and Magician, proposes to give a series of his brilliant entertainments in this City, at Tucker Hall, commencing on Monday evening next. Prof. St M. is a native of Virginia, and is spoken of in very high terms by the Press of that State as a gentleman and an accomplished master of his profession. His exhibitions have been received with delight and attended with great *eclat*. Advertisements will appear in due time.

THE RAIL-ROAD HOTEL.—We learn, just as we go to press, that Mr. Blair, of the Yarborough House, has been awarded the contract for keeping the Hotel at the joint Depot of the Raleigh & Gaston and North Carolina Rail Roads. He will open it, in a day or two, in *Blair* style. That is saying enough. Of course, this arrangement will not interfere in any way with Mr. Blair's post at the Yarborough.

FIRST BALE OF COTTON.—We learn that our friend Dr. Miller, of this County, is entitled to the credit of bringing the first bale of new cotton into this market the present season. The bale was delivered at the Depot on yesterday, and this morning was forwarded to his Commission Merchant, in Petersburg. Good for Wake. We believe this is the second or third bale raised in the State and carried to market this season.

THE CIRCUS.—Those who are fond of Circus going, will see that Jno. Robinson's Great Circus and Menagerie will exhibit in this City in a few days. It has the reputation of being a good display of animals, and the most superior troupe of performers that has ever visited the South. Here is what an exchange says of it:

"ROBINSON'S CIRCUS AND MENAGERIE.—Yesterday afternoon we attended, finding as usual a full house, numerous ladies being present. One of the most prominent features of the show is the daring act of equitation by M'lle Alice, which she did well, as she does every thing.

The appearace of John Lowlow was greeted with roars of laughter, and that of Mr. J. Wilson with deserved applause.

The daring feat of Lewis, the colored boy, received the usual share of approbation and wonder.

Mr. Wilson's four-horse act was one of the finest pieces of equestrianism we have ever witnessed.

Master Willie, as usual, thrilled all beholders.

Mr. George Sloman's act was a splendid piece of balancing.

In fact, each and all their performers are perfect."

REGISTRATION in Wilmington is complete. It foots up: Whites 738; Blacks 1,559.

THE "MACON HOUSE," at Morehead City, is still open for the reception of guests, and is under the management of its former Proprietor.

HON. GILES MEBANE.—A short note from this old and valued friend, a day or two ago, suggests that his many friends may not be aware of his present Post Office. He is now a citizen of Caswell county, on Dan River, near the Virginia line. His Post Office is Milton, N. C. He says, "my chief connection with public affairs in North Carolina is through the *Sentinel*; without it, I should become Virginian." We hope not. North Carolina cannot afford to lose such men as Giles Mebane.

THE PRESIDENT'S POSITION ON THE SUBJECT OF REGISTRATION, &c.

WASHINGTON, Sept. 14, 1867.

A RADICAL FALSEHOOD EXPOSED—THE PRESIDENT'S POSITION ON THE SUBJECT OF REGISTRATION.

A more untruthful paragraph has never been sent from Washington than the one copied in some of the New York papers today from a Boston journal, which represents the President as having decided to open the registration lists in the South, on the ground that the Amnesty Proclamation conveys the right of suffrage to all who have been pardoned by it. The *World* dispatches, as they were based on official information, have been correct in this regard. The President, while maintaining with his Cabinet that the proclamation restores to the individual pardoned by it all of his civil and political rights, holds at the same time that it is not the province of the Executive to secure the right of suffrage to such as are pardoned, in the face of the positive Congressional prohibition contained in section seven of the July Proclamation act. Their remedy is in the courts, when they are refused registration. This is the President's position, and it has been virtually anticipated in all of the leading Southern journals which have discussed the question, to say nothing of the Southern men here, who have looked into the matter.

FAILURE OF THE NEGOTIATIONS FOR THE BAY OF SAMANA.

The government to-day received important information from one of the foreign ministers, showing that its negotiations for the purchase of certain foreign territory have failed. It will be recollected that last winter Assistant-Secretary Seward visited the Island of Samana, or Atwood Key, one of the Bahama group, for the purpose of looking into its position for a United States naval station. It was decided to be a valuable one, and negotiations were at once entered upon for its purchase. Mr. Bancroft, our Minister to Berlin, received instructions here last spring, prior to his departure, to go via Madrid, and, in conjunction with Minister Hale, endeavor to effect the purchase of Samana from the Spanish government. The matter was taken under advisement by the Spanish authorities, and, after the lapse of some time, has been peremptorily declined.—*Washington Correspondence of New York World.*

[From the New York Express, Aug. 27.]

THE PEOPLE—WHO ARE THEY.

One would think from the way the Radicals talk and write that the people in this country were nowhere to be found outside of the party of "great moral ideas." "The people," we are told, stand by Sheridan, and condemn the President for removing him. "The people" wanted Mr. Daniel E. Sickles to retain the kingdom of the Carolinas, and the President in showing him also the back door, we are notified, has performed an act which will call down upon his head their righteous indignation, etc.

Now, who are the people, in the Radical sense of the word, and as used in this connection? We answer,—the two hundred thousand Republican politicians who are drawing pay from the public treasury, as office holders, under the State and Federal administrations. The officers of customs, the Post-office employees, the U. S. Marshals, District Attorneys, the Internal Revenue collectors, are "the people." With the people, in this sense, the enforcement of the Constitution and the maintenance of the President's lawful authority, is a question of bread and butter. To keep in power the Sheridans, the Sicklesses, the Popes, and the various other little monarchs created by Rump Congress legislation, is to keep possession of the fat officers, the big salaries, and the comfortable sinecures;—this outcry against the President from those who bid fair to be pauperized in that way, is perfectly natural. It is easy to understand it all.

But, to claim that they, the office holders, are we, the people, is an assumption as impudent as it is ill-founded. The Rump Congress may be accepted as the fair representative of these office holders, and the floating politicians who are affiliated with them. Now that Rump Congress no doubt represents in great part the people of New England, and the floating Radical element in the other Northern and Western States,—but neither New England nor the floating Radical element elsewhere can set up a claim to speak for the United States. If a fair and square vote could be had to day, in all the States of this Union, Radicalism would not have a leg to stand upon. None are better aware of this fact than the Radical leaders themselves, and to that consciousness is referable their persistent refusal to let anybody vote, in many of the States, except such as are known to be of their own way of thinking. A Jacobinical organization which thus persistently cheats the people of their Constitutional rights, has no right to speak for anybody but themselves. They may speak for the Rump Congress,—they may speak for the Custom House employees, or the tax gatherers in the Internal Revenue offices,—they may speak for all who live, directly or indirectly, by public plunder,—but we deny their right to speak for the unbought, uncorrupt, and incorruptible masses of the people. The people—the real people—have weighed them in the balance, and they are found wanting, and the time is drawing near when judgment will be pronounced accordingly.

From the New York Herald.

A COLORED CANDIDATE FOR CONGRESS.

To the Editor of the Herald: No doubt you have noticed before this reaches you that I am a candidate for Congress in the 4th. district of Georgia; my views are fully set forth in the Macon *Telegraph*; Macon Georgia; The Colord People of Georgia have as a General thing decided to allow the whites the State offices and we the Colored, the Congressional offices, Therefore through the influence of my many friends both black & white I have consented to be their Candidate from the 4th. district of Georgia, I am in favor of the Military Bill but am opposed to this unGodly tax upon Cotton & Tobacco, I am a colerd Man, & was a Slave until freed by Prest Lincons Proclamation, Now as your paper is read by many Georgians, & universally over the states I wish you to give this a notice & you shall not lose nothing by so doing; Publish the above & State thus—

ELLICK MAHALY, Colord.

A Candidate for Congress in the 4th. district of Georgia.

P. S—I have written Hon. Thad Stephens of Pennsylvania on the subject.

ELICK MAHALY.

The trades unions of Cincinnati have nominated a candidate for Congress in opposition to the regular republican nominee. They favor the repeal of the law establishing national banks, payment of the bonds in legal tender and not in coin, the appropriation of public lands to actual settlers, and the adoption of the eight hour system.

The New York *Tribune* says that were Brooklyn technically, as it is practically, annexed to that city, it would have a population of 1,700,000 and a territory of nearly circular form with a radius of ten miles.

THE ANTIETAM ANNIVERSARY, &c.

WASHINGTON, Sept. 17, P. M.

The attendance at Antietam to-day is estimated at 14,000. The Governors of New York, New Jersey, Pennsylvaina, Maine, West Virginia and Maryland, were present. Ex. Gov. Bradford, orator of the day, concluded:

"Come peril to it, the Constitution, whence it may, from States rights or consolidation, let me, on this anniversary of its adoption, in the name of the men who made it, by the memory of the men who have died for it, upon this spot, where blood has been so profusely shed for its behalf, appeal to you to protect, preserve and defend it."

Gen. Mulford, Commissioner of Exchange, during the war, has been appointed Collector of the Third Revenue District of Virginia.

Gen. Hancock will proceed to his Department soon, making his headquarters at some healthy locality.

Sheridan is expected here shortly.

Cornelius Cabel is strongly recommended, but not yet appointed Collector of Customs at Corpus Christi.

REVENUE DECISON.

WASHINGTON, Sept. 17, P. M.

The Commissioner of Internal Revenue has rendered the following decision:

A printer is liable to the special tax as a manufacturer, if the articles he prints exceed in value when printed $1,000 per annum.

In determining the liabilities of printers to the special tax as manufacturers, the value of the articles of merchandize produced by them, should alone be taken in consideration—the amounts received for inserting advertisements in newspapers are not therefore to be included.

GENERAL GRANT.

WASHINGTON, Sept. 17—P. M.

Pressing duties prevented General Grant's visiting Antietam.

The *Herald's* special says, in view of the anticipated troubles with the President, there is a manifest disposition upon the part of the radicals to cultivate Grant.

CREECH'S is the place to come to buy your Boots and Shoes.

Hats, Hats, Hats,

From 75 cts. to $4,00. Don't stop until you come to CREECH'S to buy your Hats. In fact, I think I can meet the expectations of all my customers and the public generally, both as to price and quality of ALL goods.

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "luck again;" some say they have "hit the nail on the head;" some "selling out at cost;" some to "make room for a new stock;" some one thing and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock*, (while *they* are still hammering away over their old stock,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good.

I told the people to come to Creech's to buy their goods, that I would serve them right. Hundreds have come, and they are still coming from this and adjoining Counties. And I here take the privilege to say I think they have shown their good judgment.

Don't forget to come to

GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the ATLANTIC & N. C. RAILROAD. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $255,000 per annum.

Under a resolution of the Stockholders of the N. C. Railroad, all Freights are to go *via* Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are only sixty miles from the shipping point, instead of one hundred and sixty via Weldon, and eighty via Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE have recently agreed to unite in a

GREAT THROUGH LINE

Route to all the Northern Markets, on equal terms and charges, *via* our own ports to and from the North.

Cars run through to all points without breaking bulk.

WEDNESDAY, SEPTEMBER 18, 1867.

THE SUMMER OF THE HEART.

There are hours when the sky of life seems spanned
By the promises, the fairest hopes of our years,
When Fancy leads us with mesmeric hand,
Over green fields where magic blossoms waive.

And each white cloud that to our fancy seems
Faith's snowy sails adrift on seas above,
Is not more peaceful than our own sweet dreams
Of earthly friendship and of earthly love.

All heedless of that never failing morrow,
Whose dawn may bring us only grief and tears
We pass on, while the broad black wing of sorrow
Casts no prophetic shade on future years.

And o'er our hearts a holy quiet reigns,
Soft as the twilight smile that nature wears;
The glad soul feels no pressure of its chains,
And carelessly we tread 'mid hidden snares.

The earth to us seems filled with that pure light
That fell and glittered o'er lost Paradise,
Ere its sweet bloom the serpent touched with blight,
And 'mid the flowers marked a path of vice.

From Life's rough field of toil, in after years,
We glance back o'er that season of delight,
And see the summer (through a mist of tears),
With folded wings, once dazzling in their flight.

ARTLESS SIMPLICITY.—One of the sweetest incidents which we have noticed for many a day—and one which shows the effect of early training, assisted by a pure and undefiled imagination, has just fallen under our observation. It is thus related: A lady visited New York City and saw on the sidewalk a ragged, cold and hungry little girl, gazing wistfully at some of the cakes in a shop window. She stopped and taking the little one by the hand led her into the store. Though she was aware that bread might be better for the cold child than cake, yet desiring to gratify the shivering and forlorn one she bought and gave her the cake she wanted. She then took her to another place where she procured a shawl and other articles of comfort. The grateful little creature looked the benevolent lady full in the face, and said "Are you God's wife?" Did the most eloquent speaker ever employ words to a better advantage?—*Banner of the Cross.*

REGULARLY SOLD.—Two gentlemen from New York, one of whom had been in California nearly a year, and the other just arrived, were accidently overheard in the following conversation at the Sutter House, Sacramento. The new comer was lamenting his condition, and his folly in leaving an abundance at home, and especially two beautiful daughters who were just budding into womanhood—when he asked the other if he had a family.

"Yes, sir, I have a wife and six children in New York—and I never saw one of them."

After this the couple sat a few moments in silence, and then the interrogator again commenced:

"Were you ever blind, sir?"

"No, sir."

"Did you marry a widow, sir?"

"No, sir."

Another lapse of silence.

"Did I understand you to say, sir, that you had a wife and six children living in New York and had never seen one of them?"

"Yes, sir—I so stated it."

Another and a long pause of silence.—Then the interrogator again inquired:

"How can it be, sir, that you never saw one of them?"

"Why," was the response, "one of them was born after I left."

"Oh! ah!" and a general laugh followed.

After that the first New Yorker was especially distinguished as "the man who has six children and never saw one of them."

HOW VICTORIA REPROVED A FLIRTING DAUGHTER.—An anecdote, illustrating Victoria's admirable good sense and strict discipline, came to me directly from one who witnessed the occurrence. One day, when the queen was present in her carriage at a military review, the princess royal, then rather a wilful girl of about thirteen, sitting on the front seat, seemed disposed to be rather familiar and coquettish with some young officers of the escort. Her majesty gave several reproving looks, without avail—"winked at her, but she would'nt stay winked." At length, in flirting her handkerchief over the side of the carriage, she dropped it—too evidently not accidentally. Instantly two or three young heroes sprang from their saddles to return it to her fair hand, but the awful voice of royalty stayed them. "Stop, gentlemen," exclaimed the queen, "leave it just where it lies. Now, my daughter, get down from the carriage, and pick up your handkerchief." There was no help for it. The royal footman let down the steps for the little royal lady, who proceeded to lift from the dust the pretty piece of cambric and lace. She blushed a good deal, though she tossed her head saucily, and she was doubtless angry enough, but the mortifying lesson may have tripped in the bud her first impulse towards coquetry. It was hard, but it was wholesome. How many American mothers would be equal to such a piece of Spartan discipline?

The Mobile *Times* has a pathetic account of a little girl, of only ten years, and her sick brother of four, whose father was killed during the war, and their mother had died more recently; left without any means or protection, they were kindly cared for by their equally poor but older neighbors, and managed to keep from starving until a new evil came upon them. The little boy fell sick and they could get no medicine. Exerting all her puny strength, the tender sister carried the little sufferer in her arms, who was so weak as to be barely able to cling to her neck; and, coming in front of a drug store, timidly asked what was good for the fever, and how much money it would take to give some to her little brother. A few kind persons, then in the store, questioned the poor girl and soon learned that she and her brother were all alone in the world. She was anxious to hire herself out on any terms in order to procure residence. The people in the store immediately supplied their wants, and a physician prescribed for the sufferer. Not only they but their charitable neighbors were furnished with permanent and substantial relief.

A certain judge, who was notorious for carrying the precise and formal habits of the bench into private life, was one day entertaining some friends at his table, and asked a magistrate, who was present, if he would take some venison. "I am going to take some boiled chicken." "That, sir," testily answered the judge, "is no answer to my question. I ask you again if you will take some venison, sir, and I will trouble you to say yes or no, without further prevarication."

When Onslow was speaker of the House of Commons, he maintained the dignity and authority of the chair by exclaiming: "Take care, sir, or I'll name you!" as a last resource. This always had the desired effect, till one day, an unruly member, not much frightened by the threat, coolly said: "And suppose you do name me, what will be the consequence?" "The consequence!" replied Speaker Onslow, 'God only knows!'

A farmer in Missouri, on being asked the number of his children, hesitated, and referred the questioner to his wife, and she replied "one;" but when, in the course of conversation, the farmer was asked as to the number of hogs he possessed, he promptly replied "seventy-one."

RECONSTRUCTION.—SUPPLEMENTAL BILL NO. 2.

PASSED AT THE JULY SESSION.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That it is hereby declared to have been the true intent and meaning of the act of the second day of March, one thousand eight hundred and sixty-seven, entitled an act for the more efficient government of the rebel States, and of the act supplementary thereto, passed on the 24th. day of March, in the year 1867, that the governments then existing in the rebel States of Virginia, North Carolina, South Carolina, Georgia, Mississippi, Alabama, Louisiana, Florida, Texas and Arkansas were illegal and void, and thereafter the same governments, if continued, were to be continued subject in all respects to the military commanders of the respective Districts and to the authority of Congress.

SECTION 2. *And be it further enacted*, That the commander of any district named in said act shall have power, subject to the approval of the General of the armies of the United States, to have effect till disapproved, whenever in the opinion of such commander the proper administration of said act shall require it, to suspend or remove from office, or from the performance of official duties and the exercise of official powers, any officer or person holding or exercising, or professing to hold or exercise, any civil or military office or duty in such district, under any power, election, appointment, or authority derived from or granted by, or claimed under any so called State or the government thereof, or any municipal or other division thereof, and upon such suspension or removal such commander, subject to the approval of the General aforesaid, shall have the power to provide from time to time for the performance of the said duties of such officer or person so suspended or removed, by the detail of some competent officer or soldier of the army or by the appointment of some other person to perform the same, and to fill vacancies occasioned by death, resignation or otherwise.

SECTION 3. *And be it further enacted*, That the General of the armies of the United States shall be invested with all the powers of suspension, removal, appointment and detail granted in the preceding section to district commanders.

SECTION 4. *And be it further enacted*, That the acts of the officers of the army already done in removing in said districts persons exercising the functions of civil officers and appointing others in their stead are hereby confirmed; provided that any person heretofore or hereafter appointed by any district commander to exercise the functions of any civil office may be removed, either by the military officer in command of the district or by the General of the army; and it shall be the duty of commanders to remove from office, as aforesaid, all persons who are disloyal to the government of the United States, or who use their official influence in any manner to hinder, delay, prevent or obstruct the due and proper administration of this act, and the acts to which this is supplementary.

SECTION 5. *And be it further enacted*, That the boards of registration provided for in the act entitled "an act supplementary to an act entitled 'an act to provide for the more efficient government of the rebel States,'" passed March 2, eighteen hundred and sixty-seven, shall have power, and it shall be their duty, before allowing the registration of any person, to ascertain upon such facts or information as they can obtain, whether such person is entitled to be registered under said act, and the oath required by said act shall not be conclusive on such question, and no person shall be registered unless such board shall decide that he is entitled thereto; and such board shall also have power to examine under oath (to be administered by any member of such board) any one touching the qualification of any person claiming registration. But in every case of a refusal by the board to register an applicant, made in every case hereinafter provided, the board shall make a note or memorandum, which shall be returned with the registration list to the commanding Generals of the Districts, setting forth the ground of such refusal, or such striking from the list: *Provided*, that no person shall be disqualified, as a member of any board of registration, by reason of race or color.

SECTION 6. *And be it further enacted*, That the true intent and meaning of the oath prescribed in said supplementary act is (among other things) that no person who has been a member of the Legislature of any State or who has held any executive or judicial office in any State, whether he has taken an oath to support the Constitution of the United States or not, and whether he was holding such office at the commencement of the rebellion or had held it before, and who has afterward engaged in insurrection or rebellion against the United States, or given aid or comfort to the enemies thereof, is entitled to be registered or to vote; and the words "executive or judicial office in any State" in said oath mentioned shall be construed to include all civil offices created by law for the administration of the general law of the State, or for the administration of justice.

SECTION 7. *And be it further enacted*, That the time for completing the original registration provided for in said act may, in the discretion of the commander of any district, be extended to the 1st. day of October, 1867; and the boards of registration shall have power, and it shall be their duty, commencing fourteen days prior to any election under said act, and upon reasonable public notice of the time and place thereof, to revise for a period of three days the registration lists; and upon being satisfied that any person not entitled thereto has been registered, to strike the name of such person from the list. And such board shall also during the same period, add to such registry the names of all persons who at that time possess the qualifications required by said act who have not been already registered, and no person shall at any time be entitled to be registered or to vote by reason of any executive pardon or amnesty for any act or thing which, without such pardon or amnesty, would disqualify him from registration or voting.

SECTION 8. *And be it further enacted*, That section 4 of the said last-named act shall be construed to authorize the commanding general named therein, whenever he shall deem it needful, to remove any member of a board of registration, and to appoint another person in his stead, and to fill any vacancy in such board.

SECTION 9. A Cheap Cotton Press.

FARMERS, BEFORE YOU BUY A PRESS OR build a Screw, enquire into the merits of the
GODWIN COTTON PRESS.
Hear what the following reliable gentlemen say:

I have seen Mr. J. H. Godwin's Cotton Press work at Mr. P. E. Smith's plantation, and it does all that he says it does in his advertisement, and more. I think it superior to any other mode of packing Cotton, and saves both time and labor.
W. R. SMITH.

I have used the above mentioned Press, and consider it the best I ever saw for packing Cotton.
THOS. J. VAUGHAN.

I have packed about 100 bales of Cotton with Mr. J. H. Godwin's Cotton Press, and take pleasure in recommending it to the farmers as a great labor-saving machine. It does not cost more than half as much as a Screw, and is worth twice as much.

It is so convenient, and takes fewer hands to do as much work as a Screw. I would pay the price of a Press rather than allow a man to put up a screw on my place for nothing.
D. EDMONDSON.

I have used the above mentioned Cotton Press, and it does better than a Screw. Takes less hands, does not waste Cotton, and is much cheaper.
J. H. CURRY,
Sup't W. H. Smith's Plantation.

I have packed about 70 bales with Godwin's Cotton Press, and am certain it is the best, cheapest, most compact and durable Press in existence, costing only half, at first, and lasting twice as long as a screw.
PETER E. SMITH.

I have never seen the Cotton Press of Mr Jno. H. Godwin at work, but have no doubt, from the certificates of the gentlemen above, that it performs all they say of it. I know them to be gentlemen of character and veracity, and that their statements are entitled to credit.
RICHARD H. SMITH.

The last name is one of our most honorable and respectable citizens, well known as a former member of the Legislature. I offer this PRESS as combining more advantages for packing than any now in use; it is adapted to large or small farms, and is so simple and cheap, that any good mechanic can build it. It is well adapted to
WATER-POWER.

It is 10 or 11 feet wide, 3 feet and 3 inches thick; top of frame above ground, 16 feet; highest point of Lever, 18 or 19 feet. The platform on which the bale is turned out, is 10 feet above ground.

Length of box, 10 feet in the clear.
Length of bale 5 feet, by 2 feet 4 inches. Weight 500 or 600 lbs. It is put up flat against the Lint Room, thereby preventing the scattering of the Cotton and need of baskets.
The Press is chiefly built of scantlings.
The Inventor has spared no pains in his experiments to make it practicable, convenient and cheap. I charge

$25 for a Single Right.

The total cost, including cover and everything, is about $150. Much of that, farmers are not in the habit of including as cost.

I think I can sell County rights at about $10 by the hundred.

SUPPLEMENT TO THE STEVENS-SHERMAN-SHELLABARGER BILL.

AN ACT supplemental to an act entitled an act to provide for the more efficient government of the rebel States, passed March 2, 1867, and to facilitate restoration.

Be it enacted, &c., That before the first day of September, 1867, the commanding general in each district defined by the act to provide for the more efficient government of the rebel States, approved March 2, 1867, shall cause a registration to be made of the male citizens of the United States, twenty-one years of age, and upwards, resident in each county or parish in the State or States included in his district, which registration will include only those persons who are qualified to vote for delegates by the act aforesaid, and who shall have taken and subscribed the following oath or affirmation:

"I, ——, do solemnly swear, or affirm, in the presence of Almighty God, that I am a citizen of the State of ——; that I have resided in said State for —— months next preceding this day, and now reside in the county of ——, or the parish of ——, in said State, as the case may be; that I am 21 years old; that I have not been disfranchised for participation in any rebellion or civil war against the United States, nor for felony committed against the laws of any State or of the United States; that I have never been a member of any State Legislature, or held any executive or judicial office in any State, and afterwards engaged in insurrection and rebellion against the United States, and given aid or comfort to the enemies thereof; that I have never taken an oath as a member of Congress of the United States, or as an officer of the United States, or as a member of any State Legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, and afterwards engaged in insurrection or rebellion against the United States, or given aid or comfort to the enemies thereof; that I will faithfully support the Constitution and obey the laws of the United States, and will, to the best of my ability, encourage others so to do. So help me God."

which oath or affirmation may be administered by any registering officer.

Sec. 2. That after the completion of the registration hereby provided for in any State at such time and place therein as the commanding general shall appoint and direct, of which at least thirty day's public notice shall be given, an election shall be held of delegates to a convention for the purpose of establishing a constitution and civil government for such State loyal to the Union; said convention in each State, except Virginia, to consist of the same number of members as the most numerous branch of the State Legislature of such State in the year 1860, to be apportioned among the several districts, counties, or parishes of such State by the commanding general, giving to each representation in the ratio of voters registered as aforesaid as nearly as may be. The convention in Virginia shall consist of the same number of members as represented the territory now constituting Virginia in the most numerous branch of the Legislature of said State in the year 1860, to be apportioned as aforesaid.

Sec. 3. That at such election the registered voters of each State shall vote for or against a convention to form a constitution thereof under this act. Those voting in favor of such a convention shall have written or printed on the ballots by which they vote for delegates, as aforesaid, the words "for a convention;" and those voting against such a convention shall have written or printed on such ballots the words "against a convention." The persons appointed to superintend said election, and to make return of the votes given thereat, as herein provided, shall count and make return of the votes given for and against a convention; and the commanding general, to whom the same shall have been returned, shall ascertain and declare the total vote in each State for and against a convention. If a majority of the votes given on that question shall be for a convention, then a convention shall be held, as hereinafter provided. But if a majority of said votes shall be against a convention, then no convention shall be held under this act: *Provided*, That such convention shall not be held unless a majority of all such registered voters shall have voted on the question of holding such convention.

Sec. 4. That the commanding general of each district shall appoint such loyal officers or persons as may be necessary, not exceeding three in each election district, in any State, to make and complete the registration, superintend the election, and make return to him of the votes, lists of voters and of the persons elected as delegates by a plurality of the votes cast at said election; and upon receiving said returns he shall open the same, ascertain the persons elected as delegates according to the returns of the officers who conducted said election, and make proclamation thereof; and if a majority of the votes given on that question shall be for a convention, the commanding general, within sixty days from the date of election, shall notify the delegates to assemble in convention at a time and place to be mentioned in the notification, and said convention, when organized, shall proceed to frame a Constitution and civil government according to the provisions of this act, and the act to which it is supplementary; and when the same shall have been so framed, said Constitution shall be submitted by the convention for ratification to the persons registered under the provisions of this act, at an election to be conducted by the officers, or persons appointed by the commanding general as hereinbefore provided, and to be held after the expiration of thirty days from the date of notice thereof to be given by said convention, and the returns thereof shall be made to the commanding general of the district.

Sec. 5. That if, according to said returns, the constitution shall be ratified by a majority of the votes of the registered electors qualified as herein specified, cast at said election, at least one-half of all the registered voters voting upon the question of such ratification, the president of the convention shall transmit a copy of the same, duly certified, to the President of the United States, who shall forthwith transmit the same to Congress, if then in session, and if not in session, then immediately upon its next assembling; and if it shall moreover appear to Congress that the election was one at which all the registered and qualified electors in the State had an opportunity to vote freely and without restraint, fear or the influence of fraud, and if Congress shall be satisfied that such constitution meets the approval of a majority of the qualified electors in the State, and if the said constitution shall be declared by Congress to be in conformity with the provisions of the act to which this is supplementary, and the other provisions of said act shall have been complied with, and the said constitution shall be approved by Congress, the State shall be declared entitled to representation, and Senators and Representatives shall be admitted therefrom as herein provided.

Sec. 6. That all elections in the States mentioned in the said "Act to provide for the more efficient government of the rebel States," shall, during the operation of said act, be by ballot; and all officers making the said registration of voters and conducting said elections shall, before entering upon the discharge of their duties, subscribe an oath faithfully to perform the duties of their said office, and the oath prescribed by the act approved July 2, 1862, entitled "An act to prescribe an oath of office:" Provided, That if any person shall knowingly and falsely take and subscribe any oath in this act prescribed, such person so offending, and being thereof duly convicted, shall be subject to the pains, penalties and disabilities which by law are provided for the punishment of the crime of wilful and corrupt perjury.

Sec. 7. That all expenses incurred by the several commanding generals, or by virtue of any orders issued or appointments made by them under or by virtue of this act, shall be paid out of any moneys in the Treasury not otherwise appropriated.

Sec. 8. That the convention for each State shall prescribe the fees, salary, and compensation to be paid to all delegates and other officers, and agents herein authorized or necessary to carry into effect the purposes of this act, not herein otherwise provided for, and shall provide for the levy and collection of such taxes on the property in such State as may be necessary to pay the same.

Sec. 9. That the word "article" in the sixth section of the act to which this is supplementary shall be construed to mean "section."
